

Task 1 (phase 3)

Objective 1: To be able to start writing your essay, take the specific question you have formulated in the previous step, and **gather as much useful information** as you can by searching the internet using SearchAssist. Find around 20 additional pages. Select the 5-10 pages that you could cite in your essay, and which are most relevant for answering the question you formulated in the previous step.

Objective 2 (optional):

If you have time left, formulate a draft answer to your question based on the information you have encountered (max. 300 words) and write it in the text box below.

1. Relevant pages (<i>you can paste the URLs here</i>)	
2. Draft answer to your specific question (<i>optional</i>)
